The Six Month Countdown

BRIDAL MAKEUP TIPS

The date is set, you've started thinking about your overall look

NOW
WHAT?...

One of the most important aspects to consider is your bridal makeup. Your wedding day is a once-in-a-lifetime event, and you deserve to feel and look your absolute best.

Whether you're envisioning a natural, radiant glow or a glamorous, bold look, these tips will guide you in creating a look that reflects your personal style and enhances your natural beauty.

1

Skincare Prep

Start a solid skincare routine well before your wedding day. Cleanse, exfoliate, and moisturize regularly to ensure your skin is in the best possible condition. A well-prepped canvas allows makeup to look flawless and last longer.

2

Primer

Use quality primer that suits your skin type. Primer helps to create a smooth base, minimizes pores, and ensures your makeup stays put throughout the day.

3

Long-Wear Products

Opt for long-lasting, waterproof makeup products, especially for foundation, eyeliner, and mascara. Weddings can be long and emotional, so using products that withstand tears, sweat, and hugs is crucial.

4

Natural Lighting for Application

Always apply your makeup in natural light if possible. This helps to get an accurate representation of colors and ensures your makeup looks natural both in person and in photographs.

5

Trial Run

Schedule a makeup trial well in advance of the wedding day. This allows you to experiment with different looks and products, ensuring you find the perfect look that makes you feel confident and beautiful on your big day.
